

4 Components Of Creativity (40 pts):

- **Fluency** – the ability to generate **quantities** of ideas
- **Flexibility** – the ability to create **different categories** of ideas, and to perceive an idea from different points of view
- **Originality** – the ability to generate **new, different, and unique** ideas that others are not likely to generate
- **Elaboration** – the ability to **expand on** an idea by embellishing it with details or the ability to create an intricate plan

1. **Fluency:** How many ideas **total** did you list? _____

2. **Flexibility:** How many different categories or similar types of ideas did you have? (i.e. different ways to hang an item, vs. different ways to reach an item, etc.). _____

List these categories below:

3. **Originality:** Which idea was your most unique? Sketch and Explain:

A large, empty rectangular box with a light blue background, intended for a student to draw a sketch and provide an explanation for their most unique idea.

4. **Elaboration:** How will you make this idea better? Sketch and Explain:

A large, empty rectangular box with a light blue background, intended for a student to draw a sketch and provide an explanation for how they would improve their idea.
